

## Live Tracking and Send-a-Cheer

Your supporting fans can:

- Track you live on the course
- Send you fun audio cheer clips
- Receive NearMe alerts (a relay team favorite)
- Find you after the race with MeetUp
- **New Feature: GPS Progress Alerts**

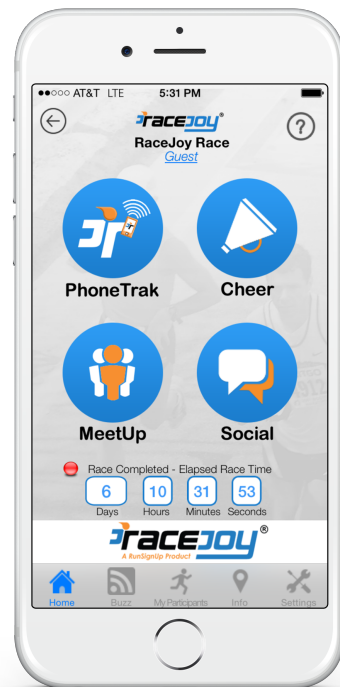

RaceJoy's PhoneTrak has a 99 cents upgrade for both the participant and spectator per race. RaceJoy is testing its new GPS Progress Alerts feature at this race and welcomes your feedback.

iOS users download  
from the App Store

Android users download  
from Google Play

Runners and  
spectators both need  
to download the app.

## Test GPS Progress Alerts!

Be **one of the first** to receive audio progress alerts at every mile on the course (includes location, average pace and estimated finish time)! Spectators will receive in-app progress alerts along with a cowbell sound alert. Let RaceJoy know what you think of this new feature by sending an email to [info@racejoy.com](mailto:info@racejoy.com).

### Note:

The race participant must carry their phone and activate tracking on race day. Apple phone users must have the following settings **ON**:

- Background App Refresh (found under General)
- Location Services (Always On)
- Notifications
